The Nebraska Partners in Prevention are a high energy, fun lovin' group of volunteers that have struggled with all the same issues we have - no money, no time and a huge need for fire prevention in their communities. They developed Prevention on a Shoestring to show interested people that there are, in fact, things we can do to get our fire prevention messages out, without costing us a fortune. All we need are our minds. With this group, you'll leave with more ideas than your mind can handle! Who knows what they intend to do with Larry the Cable Guy. Drop by on Saturday to find out!

WHO SHOULD ATTEND?

Home Owners Associations & Concerned Local Businesses
Local City and Rural Fire Departments
Federal and State Fire Officials

Space is limited! Don't wait till the April 17th deadline to register!
A block of rooms is available at \$59/night+tax
